PROFILE

I'm a Frontend Developer with 2 years of experience building clean, responsive, and user-friendly web applications. I'm always up for a challenge and love learning new things, whether it's frameworks or tools. I take pride in being committed and responsible for my work, and I'm passionate about creating systems that truly make people's lives better. I hope my experience can bring something valuable to your team.

EDUCATION

King Mongkut's Institute of Technology Ladkrabang Bangkok, Thailand
- **Bachelor of science** Major in Applied Mathematics 2018 - 2022
  Accumulate GPA: 3.50/4.00
  Relevant Coursework: Mathematics, Business Analysis, Systems analysis and design, and Programing

EXPERIENCES

Frontend Developer at Codium Jul 2022 - Present
- **Responsibilities:**
  - Created UI using Angular, Typescript, SCSS and Bootstrap
  - Designed and implemented UX/UI and responsive layouts.
  - Worked closely with backend developers to integrate APIs, connecting frontend components with backend services.
  - Time management and prioritized tasks to meet project deadlines.

- **Projects:**
  - **Credit Information Recording** for Thailand's sole credit information provider.
  - **e-Memo:** Designed and implemented custom form and workflows tailored to client needs, enhancing internal communications and line of approval processes.
  - **e-Budget:** I had the opportunity to be 80% involved in building the UI for the newly developed prototype e-Budget System, which is a large-scale product for managing internal budgeting in organizations.
